President's Birth To Be Celebrated

Ball Will Be Given
In Town Hall

Tuesday Evening, January
30, Is Set For Our Big
Community Event

Tuesday evening next, January 30th at eight o'clock, Northfield will swing into line with over 6000 cities and towns in the United States in the observance of the President's 62nd birthday by giving a ball with the proceeds to go to the Warm Springs Foundation of Warm Springs, Georgia. This work was established for help to those who have suffered from infantile paralysis and President Roosevelt himself is the founder. Mr. John Bennett received the appointment of Chairman for Northfield from Mr. H. L. Doherty of the National Committee and immediately a large local Committee was formed.

Mrs. Mildred Addison is Treasurer and chairman of the decorating committee; Mrs. Allen Wright, music committee; Harry L. Gings, refreshment committee; Charles Parmenter, Jr., floor committee; Lyle Amosden, ticket committee.

Maurice Davenport's orchestra of Bellows Falls has been engaged to supply the music. There will be a concert from eight to nine o'clock. At eleven o'clock the President will speak by radio to the dancers.

The enthusiasm shown by representatives of the various organizations and the people in general in making the President's ball a grand success is very gratifying to the committee in charge. Its object is to relieve suffering of children who are afflicted with infantile paralysis. The entire proceeds of the ball will be contributed to the National Foundation for Infantile Paralysis at Warm Springs, Ga. The President who himself experienced this dreadful malady is the founder and feels that no better occasion than his birthday could be chosen on which to launch this great humane project. Many contributions are being made by citizens of the town which will bring the actual running expenses of the ball to a minimum. The tickets are fifty cents and tax exempt and the proceeds will aid in helping suffering humanity. The list of patrons and patronesses as far as we ascertain to date are as follows:

Mr. and Mrs. Theodore Darby, Mr. and Mrs. Harry Gings, Mr. and Mrs. Ralph Leach, Mr. and Mrs. Charles Leach, Mr. and Mrs. Gordon Moody, Mr. and Mrs. Leon Alexander, Mr. and Mrs. Fred Irish, Mr. and Mrs. George Carr, Mr. and Mrs. Ross Spencer, Dr. and Mrs. A. H. Wright, Mr. and Mrs. Clarence Steadler, Mr. and Mrs. Leslie Tyler, Mr. and Mrs. John Callaghan, Mr. and Mrs. Earl Lilly, Mr. and Mrs. W. H. Hoehn, Mr. and Mrs. Walter Hyde, Mr. and Mrs. Charles A. Hermion Church Supper

About two hundred members of Mount Hermon Church, composed of students, faculty, and families on the Hill enjoyed a fine supper on Sunday evening, January 21 in the social hall of the unfinished Y. M. C. A. building. After supper hymns were sung from the old Moody and Stanley Gospel Hymnal, used by Mr. Sankey on his evangelistic tours with Mr. Moody. Mr. Gallagher conducted the singing. Mr. White led a discussion on the subject of possible social and spiritual service which members of the church may give in nearby communities. Mr. Fleckles was chairman of the committee which arranged the affair. Many students worked hard in helping the committee make the affair what all feel to have been an outstanding success.

"I AM SUZANNE" Is Now Wonder Picture

Whether or not American audience a moot question in the theatre fancy picture has long been a matter of controversy among motion picture producers. But Jesse L. Lasky is one showman to whom the highly imaginative has appealed. It was Lasky who gambled on the public's taste for out-of-the-ordinary entertainment when he transferred the whimsical "Warrior's Husband" and the fantastic story of "Berkeley Square" to the screen. Now, once more, the producer is backing his faith in the public's appreciation of the artistic, and again is introducing in the lights and shadows of the screen a touch of fantasy that seems highly suitable to the medium.

In "I Am Suzanne" which will be shown at the Auditorium Theatre, Brattleboro, Vt., and Mrs. Frank J. Young of Hinsdale spent Wednesday with Mrs. Nellie Young.

A whist party will be held at the upper village hall Thursday, January 27.

Dr. Koo Speaks On Situation In China

Dr. T. Z. Koo of China, representative from his country to many international conferences and a well-known speaker of the World Student Christian Federation, spoke to 500 students at Mt. Hermon chapel Thursday noon, and at lunch gave several selections of Chinese folks songs on his famous flute. He was introduced by Eugene Link, formerly of China, and now a member of the Bible and the History departments of Mount Hermon.

Dr. Koo presented three observations he had made during his varied travels, all of which were important in paving the way for unity among the peoples of the earth. First, there is a large area of ignorance about the background of different peoples. Because of this ignorance, misunderstanding arises. This is not due to ill will at all. The speaker stated that only yesterday at the depot in Springfield, he was accosted by the conductor and asked what order he belonged to. (Dr. Koo always travels in native garb.)

Secondly, if we could put ourselves in the other man's place, we should become more humble and understanding. Dr. Koo told of an incident that happened to him when visiting in India one summer. He stated he could not understand why the Hindu students wore such heavy and hot clothing. He soon was humbled by being told that he himself looked like a flagpole at half-mast with his silks flying in the breeze.

Third, even though our skins may be different, the instincts and motives beneath the skin are the same. An American who had been visiting Pekin for some time once told the speaker that the relations between the Chinese children and their parents was very cold and distant. On the other hand, Dr. Koo remarked that the American children are very demonstrative in their affection. It is all a matter of background and training. The motive of both the Chinese and the American children is love. If we could remember that underneath the skin we are the same in heart and head, fewer misunderstandings and difficulties between peoples would arise. The unity of universal brotherhood, proclaimed by Christ would become a reality, Dr. Koo concluded.

The eleven o'clock speaker at Sage Chapel next Sunday will be Dr. Arthur Pratt, minister of the Second Congregational Church to Greenfield.

Saturday is Registration Day. But what seems to be more important, it is the day when the big secret comes to light. What is it? That's what 500 or more girls will be crowding Silverthorne Hall Saturday night, to discover.

The following paragraph is quoted from the season's announcement of the Worcester Philharmonic Orchestral Society: "Miss Marion L. Fuller, pianist, was unusual as a performer from the very start of her interest in the piano. Honors won at Wellesley were followed by study in London with Tobias Matthay. Miss Fuller is at present on the Music Faculty of Northfield Seminary. Her solo number with the orchestra will be the A Minor Concerto of Schumann."

The concert at which Miss Fuller was the featured soloist was held on January 23 at Horticultural Hall, Worcester.

Founder's Day will be celebrated on Thursday, February 8, since Mr. D. L. Moody's birthday, February 5, falls on a Monday which is a half-holiday. Dr. James McConaughy of Philadelphia will be the speaker at a morning service to be held at Sage Chapel and, weather permitting, the traditional sleigh ride will be held later. Special Dinners will be held in all the halls while the Seniors will join the Mount Hermon Seniors at a gala Dinner Party. The entire school together with the Hermon Seniors will witness, in the evening, a performance of "The Stoops to Conquer" given in Silverthorne Hall by the Jitney Players.

Recent news from Dr. and Mrs. Henry F. Cutler tells of their having reached Singapore and Calcutta in their tour around the world. In a number of ports they have enjoyed delightful hospitality by former students at the Northfield Schools and other friends who had learned of their coming. In December they were sailing in calm seas after having encountered two very severe hurricanes one of which drove their vessel 200 miles out of its course and the other caused considerable havoc, including broken bones and bruises among the passengers.

Mr. Wm. M. Dannel, secretary of the Mission to Lepers, is to speak at chapel in Mount Hermon School and Northfield Seminary on Friday, Feb. 9. A meeting will also be arranged for him in the Trinitarian Church, where local friends of the Mission can hear a report of the work.

Our readers' attention is called to the publication on the second page of the Town Warrant to be taken up at the Town meeting on February 5. At that meeting the full Town Report will be distributed. It is now in preparation by the Northfield Printing Company and when printed it will be 116 pages—the largest report the Town has ever published.

The Kindergarten School in the Town Hall has had two accessions since the publication of its attendance last week. These bring the enrollment up to fourteen. Miss Williams, the teacher, wishes to ask those who come for the children at noon to find them in the basement of the Town Hall. It is confusing and not altogether safe for the children to be dismissed and find their cars that are usually parked at the Town Hall.

The Deputy State Income Tax representative will be at the Town Hall Wednesday, June 31, from 10 a. m. to 3 p. m.

The Trustees of the Northfield Schools are holding a meeting this week in New York City. Headmaster Elliott Speer and Principal Mira B. Wilson meet with them for the discussion of a number of items pertaining to the problems—the progress of the schools and the Summer Conferences.

Prof. Irving J. Lawrence will be at No. 3 School house at 3:30 p. m. Sunday, February 4 and every alternate Sunday until further notice, for the purpose of organizing a chorus. This is a fine opportunity for all who enjoy singing and a most cordial invitation is given to them to come.

Extra copies of the Christian Leader, of the issue January 20, a religious paper published in Boston, have been sent to Northfield, and there has been a distribution of copies in town. There were three features in this paper relating to Northfield, past and present.

There is an article in it by Rev. Arthur E. Wilson who was some years ago minister of the local Unitarian Church, and who is now at Grafton, near Worcester. There is another article by Rev. Robert G. Armstrong, who supplied the pulpit of the Congregational church here in view of the pastorate two years ago, and is now secretary of the New Hampshire Congregational Conference. There is besides a book review by Rev. Mr. Conner, the book, "The Finality of Jesus Christ" by Robert G. Speer, having been passed to him by the manager of a local bookstore, from an unnamed friend, for his opinion of it.

This issue of the religious journal, it is said, is up to its usual standard, and the features named make it of special interest to Northfield readers.

The new edition of the Telephone Directory for the Greenfield district has just been distributed. It consists of six additional pages because of the addition of the Orange list of subscribers.

An unusually fine crop of ice is being harvested this week from various lakes and ponds in this vicinity. The largest source is Wampanoag Lake which is yielding so generous a quantity as to cause considerable comment. It is clean and sparkling, very solid because of the extreme cold and 18 inches thick.

Re-employment Office Busy

Work Is Found For Many
Men And Women

Projects Under Way In
Northfield, Gill, And Ir-
ving Put Three Hundred to
Work

Step into the National Re-employment office in the Town Hall and you will find Supervisor Ralph O. Leach and his staff doing valiant work in the enterprise which, with thousands of similar offices throughout the country, is giving employment to millions of men and women. The immediate district over which our local office is concerned includes Northfield, Gill and Irving, but in addition to the needs of these Mr. Leach gives heed to calls from distant places and a number of inquiries coming by mail or telephone have resulted in bringing employers and workers together, the effort being made to secure for each one the work for which he or she is best fitted. This, of course is not always accomplished, but as a rule, the applicants, who miss the particular job they are most competent to fill, adapt themselves quickly to that which is at hand. The Re-employment plan is broader than what is known as the C. W. A. It is, in fact, a department of the Bureau of Labor. The C. W. A. is embraced in it and under the C. W. A. locally, three hundred men and women are employed on different projects within our own bounds. Out of these 125 are engaged in the preservation of the Connecticut River channel at four points, above the Schell bridge, below the C. V. bridge, at the Farms, and at the East Deerfield quarry where most of the stone for the rip-rap work is obtained. 21 men are employed in Northfield on Gipey Moth, apple tree work and dairy barn cleaning. In the Town Hall three women are employed at sewing, two at cleaning and one as kindergarten teacher. One woman is also engaged on farm survey. In Gill 29 men and 9 women are employed. Repairs on the school house and grading the school grounds have been a part of the work assigned. 35 men are at work on road grading in Irving. The work will continue until Feb. 15 and longer if another appropriation is secured. The total payroll in this district, at present, is \$4,600.00.

EDITORIAL

A letter of noteworthy importance has been sent throughout the Commonwealth by the Massachusetts Landscape Survey, 9 Park St. Boston, and, having stated the purpose of the Survey, it was the co-operation of every lover of nature in a concerted effort to preserve the beauty of our State. This beauty is one of Massachusetts' greatest assets. "It has," says the letter "a direct dollar and cents value to hotels, farms, sea-shore and mountain resorts, and to others who derive their income from the large tourist travel in this region. It also has recreational values, too great to be measured, which refresh and inspire our people on their holidays and in their every-day contact with beautiful scenery.

The Massachusetts landscape is undergoing a rapid change. Population growth has its effect on the face of the land. It is threatening to destroy much of the natural beauty of this State, and this beauty, once destroyed, will be lost forever. Steps must be taken to prevent its thoughtless destruction.

To do this, we must take stock of our assets: we must have accurate information about the Massachusetts shore and countryside. We must know what different kinds of beautiful scenery are characteristic of the region, where they lie, and what forces threaten to destroy them. This information is needed to make intelligent planning possible.

Will you help us by supplying such information? We want the benefit of your experience. Please write us at once.

Mr. A. P. Fitt who can always be counted upon to take up a work of such importance and value as is set forth in this appeal, has written to the Survey. Others also should write emphasizing the needs of "Beautiful Northfield" for the preservation and the enlargement of what every one acknowledges to be our pre-eminent place among the charming villages of New England—and then having expressed ourselves to the Survey let us by personal effort guard well our priceless heritage of nature's bountiful gifts.

The Budapest String Quartet

At Greenfield
Tuesday, Feb. 6

The Budapest String Quartet, which was first heard in this country three years ago and which is now recognized as one of the finest groups of musicians in the concert field, will bring a rare treat to the music lovers of this vicinity when they appear in Holy Trinity Community Hall on Beacon Street, Greenfield, Tuesday evening, February 6, at 8 P. M. The Quartet is made up of musicians of outstanding artistic quality. They come after more than 800 concerts in Europe and America and everywhere they have been acclaimed by enthusiastic audiences. Most of their concerts are in the larger cities. Last year, however, they were secured for the third concert in the Smith College Chamber Music Series at Northampton and of that concert it was said, "It was a beautiful program and most beautifully played. At the end of the program they were recalled so enthusiastically that they had to play again. They gave us Haydn with wonderful dash and swing." The members of the organization are: Joseph Rorsmann, First Violin; Alexander Schneider, Second Violin; Stephan Ipolyi, Violist; and Mischa Schneider, Cellist.

The program at Greenfield will be as follows:

1. Haydn, Op. 74, No. 3, G Minor, Allegro, Largo Assai, Minuetto, Finale.
2. Debussy, Op. 10, G Minor, Andante et res. decide. Assez, vif et bien rythmé, Andantino, Tres modere.
3. Schubert, Op. posth., D Minor (Der Tod und das Madchen), Allegro, Andante con moto Scherzo, Presto.

The Quartet is brought to Greenfield by the Woman's Club. Tickets may be purchased at Forbes Camera Shop or at the door on night of concert. Admission \$1.00. Club members 50 cents.

Fortnightly Club Hears Good Talks

At the meeting of the Fortnightly Club in Alexander Hall last Friday afternoon two interesting topics pertaining to town activities were brought to the attention of the members and their guests. Mr. S. E. Walker spoke upon Town Government and very ably and clearly explained how Northfield is governed. By reason of his address and answers to a number of questions his audience were instructed in many details of town affairs not as thoroughly understood as they ought to be by every one and undoubtedly he created a new interest in the problems and responsibilities of our town officials.

Mrs. F. E. Lilly, our Public Nurse gave a most informative address on the relation she sustains to the Community. Especially in times like these the responsibilities that fall upon the Community Nurse are many and arduous, and while the address was marked with modest statements the audience was impressed with the importance of her work and the fidelity with which she performs it. To both of the speakers an invitation was given to meet with the Fortnightly again next year.

On February 9th the meeting will be held in Dickinson Library Hall and the speaker will be Miss Julia Snow of Greenfield, an authority on Antiques; a lecturer and a contributor to magazines devoted to the Collector's Art. Her topic will be "Factors determining the Value of Antiques."

"The Old Home Road"

Dr. Danner Coming

Renowned Worker
Among Leper Victims

Much of interest is going on in the world today concerning a disease once thought incurable. The hopeful, cheerful story of how lepers are being cured and leprosy controlled and eradicated will be told on Thursday evening, Feb. 8 at the Trinitarian Church mid-week service by W. M. Danner of New York, General Secretary of the American Mission To Lepers.

In a survey of this country Mr. Danner found lepers in 32 of the United States, and led in a campaign whereby Congress was induced to appropriate the necessary funds for the establishment of a long-needed Federal Leprosarium. This institution, located at Carville, Louisiana, has 3400 patients under treatment at the present time. In recent years a total of 75 have been discharged as symptom-free and allowed to return to their homes.

In the course of extensive world travels to investigate leprosy conditions and to increase the interest being taken by other governments in dealing with the problem, Mr. Danner has visited many of the 150 leper hospitals in 40 countries aided by the mission which he represents. The society is officially endorsed by denominational leaders, and works in close co-operation with all mission boards. It is international as well as inter-denominational, with branches in Great Britain, France, China, Japan, India and the Philippines. It aids sufferers from leprosy, safeguards the health of their children by caring for them in separate homes (leprosy is not inherited), and seeks the co-operation of governments and other agencies in freeing the world from leprosy.

Automobile dispensaries and out-patient clinics are novel features of the mission's service. These make medical treatment available for thousands of lepers for whom there is no room in the hospitals. There are not less than two million neglected lepers in the world.

At the church service, which will be held from 7:30 to 8:30 P. M., Feb. 8, Mr. Danner will give intimate glimpses, illustrated with large photographs, of the human side of life in that intensely interesting, and surprisingly cheerful place, a modern leper colony. He brings a message of cheer and courage and of heroic service that is inspiring to all who hear him.

Mr. Danner is also scheduled to speak at Chapel at Mount Hermon School and Northfield Seminary on Friday, February 9.

He is also well remembered as the organizer and conductor of the Northfield Choral Union made up of townspeople. The sudden death of his son comes while his mother and sister Miriam are in Arizona where they arrived last Saturday in order that Mrs. Coffin might have a rest and vacation after the death of her brother in Keene only a week ago. Big Output Of Fords

Detroit, Mich. Jan 10—Re-opening on February 1 of the Ford Motor Company assembly plants at Norfolk, Va., and Dallas, Texas, was announced today at the home offices of the company. The plants were shut down more than a year ago.

This move will mean re-employment of between 1,000 and 2,000 Ford workers at each plant, it was said. Tentative schedules call for the assembly of 200 cars daily at each plant.

With the re-opening of the Norfolk and Dallas plants, the Ford Company will have ten assembly plants in operation, including those at Chester, Pa., Chicago, Ill., Dearborn, Mich., Edgewater, N. J., Kansas City, Mo., Louisville, Ky., Richmond, Calif., and Somerville, Mass.

The Ford Company's January production schedule, originally fixed at 46,000 units, has been stepped up several different times in the past few weeks and now stands at 55,000 units for the month. It was also announced.

The expansion of the manufacturing operation was attributed to the constantly increasing demand for Ford V-8 cars and trucks, particularly since the announcement of the 1934 Ford models five weeks ago today.

Birthday Ball

A Big Success
Large Attendance And

Everybody Happy
Receipts Go Beyond
A Hundred Dollars

Northfield's celebration of the nation-wide Birthday Ball for President Franklin D. Roosevelt was a splendid success last Tuesday evening in Town Hall. Despite the fearfully cold weather with the thermometer below zero a crowded house was in evidence and Davenport's Orchestra of Bellows Falls, Vt., rendered the music. A concert program was furnished from eight to nine o'clock by the orchestra, after which Chairman John Bennett welcomed all who attended and thanked those whose co-operation made the event so successful.

The decorations of the hall were very attractive. The large mercantile ship code flags gracefully unfurled on long streamers and the American flag occupied the prominent positions on the stage. The signal flags were loaned by Mr. James McRobert of New York.

The large pyramid birthday cake which was beautifully decorated and graced with fifty-two candles was produced and presented by the Northfield Hotel and occupied a place of honor on the stage where it was much admired. It was afterward cut into slices and sold in the refreshment room, William Kelly had the honor of cutting the first slice which was auctioned off by Mr. Joseph Field. The strings of colored lights used on the stage and in the hall were loaned by the Greenfield Electric Light Co., through Mr. Harry James. Refreshments were served in the room down stairs throughout the evening.

The grand march was led by Dr. and Mrs. Allen Wright and as the line passed under the balcony streamers of colored papers were thrown about to the floor below.

The radio broadcast was received at 11:15 P. M. and the President's message was received with much interest and applause. Dancing was the order until after midnight and seldom has Town Hall witnessed such a successful gathering.

The purpose of the party for the President was a very simple and humane one.

It was to establish through the direct help of the citizens of the country an endowment fund for the Georgia Warm Springs Foundation, created in 1926 by President Roosevelt, so that this Foundation may carry on its national crusade against Infantile Paralysis, and devote unselfishly its full energy and thought to the co-ordination of the fight against a scourge which physically handicaps, every year, thousands of American children.

The General Chairman of the Ball was Mr. John Bennett who was ably assisted by a splendid Committee. Mrs. Mildred Addison was the Treasurer and she reports that the entire net proceeds will be over \$100 which will be sent to the Warm Springs Foundation for helping children with infantile paralysis. Mr. Harry Gingras was Chairman of the Refreshments Committee, Mrs. A. H. Wright the Music Committee, Mr. Charles Farmer the Floor Committee, Mr. Lyle Amaden, Ticket Committee, and Mrs. Mildred Addison Decorations.

Mrs. Charles E. Leach with a number of friends and young people had charge of the service. To the many who served on the Committees the General Chairman desires to express his appreciation. A generous vote of thanks is extended to Mr. Joseph Field for his interest and to all who in any way helped to make this Ball one of the "big events" in the social annals of Northfield.

Mr. Leon Chapman had charge of the Box Office and Mr. Gordon Buffum the coat room.

The National Re-employment Bureau's office in Town Hall is moving today by order of Supervisor Dolan to Greenfield to economize by consolidation with a number of local offices in this district. George S. Palmer

Dies In Florida
An Honored Trustee Of

The Northfield Schools

George S. Palmer, 78, of New London, Conn., retired manufacturer, philanthropist and patron of arts, died at Lake Wales, Florida, Tuesday January 23. He had been in failing health for a year and left his home for Lake Wales, Florida, on Thanksgiving Day. About Christmas he became seriously ill and gradually became weaker until it was evident he could not recover.

Among his many philanthropies were generous gifts to education. In 1925 he gave \$250,000 to Northfield Seminary and in October 1927 Palmer Hall was dedicated as the result of that gift. He was present and delivered an address on that occasion.

Mr. and Mrs. Palmer have made many visits to Northfield and have many personal friends here. At the funeral and interment at New London, Saturday Jan. 27, Mr. E. L. Bulky, Trustee, represented the Northfield Schools and was an honorary pall-bearer. Headmaster Elliott Speer and Mr. A. P. Pitt were also present at the funeral. A floral tribute was sent by the Schools, and in Chapel Tuesday morning, Miss Wilton spoke in deep appreciation of Mr. Palmer's character and good works.

It may be mentioned that Miss Sally Gilbert of Norwich, Conn., a Seminary student and President of the Sophomore class is related to Mr. Palmer and is also a second cousin to Miss Evelyn Hall, Principal of the Seminary for 28 years.

Charles E. Baxter

Reigns Position
Leaves Excellent Record

Of Work Well Done

After a term of fourteen years as Janitor of the High and Center Schools, Charles E. Baxter resigned to take effect February 1. "Daddy" as all the pupils called him, was loved and honored by everyone who came into contact with him. His unvarying sense of justice, logic and fairness has made him a strong force in the schools, where his unceasing energy kept things right in every way. We shall miss him from his accustomed trips back and forth between the schools and in and out of the rooms and corridors. He has now and always will have a large place in our hearts and we wish for him many years of happiness.

The School Committee has succeeded Max Huber, Jr., as his successor. He began his work yesterday.

Two Are Honored By Birthday Dinner

Miss Florence E. Flagg and Mr. Lyon L. Norton whose birthdays fall on Jan. 29, were honored at a dinner Saturday evening at the home of Mr. and Mrs. Norton on Highland Avenue, at which a group of intimate friends celebrated the event in the same way that has prevailed for a goodly number of years. The group, which might well be called a club, originated in Mount Hermon, and the members for the most part have been associated with the Mount Hermon faculty.

Dr. and Mrs. Herman Norton of Newton appeared unexpectedly during the festivities, thus adding immensely to the pleasure of the party.

Miss Margaret Ross, as for many years past, assisted most acceptably in preparing the dinner. The only unpleasant feature was the detention of Mr. and Mrs. Gaylord W. Douglas of Springfield and Miss Sophie Brooks of New York, who were actually on their way in a car but were obliged to turn back on account of icy roads.

Also unable to be present were Dr. and Mrs. Henry F. Cutler, Miss Matilda Goulding, and Mrs. Stephen Stark.

Those who sat down to the long and delightfully spread table, besides Mr. and Mrs. Norton and Miss Flagg, were Mr. and Mrs. Allen Norton, Mr. and Mrs. George Norton, Dr. and Mrs. Herman Norton, Mr. W. T. Nichols, Miss Anna L. Miller, and Mr. Stephen Stark.

The host and hostesses were presented with lovely Briarcliff roses and with copies of a wonderful anthology of English poetry.

A floral tribute was sent by the Schools, and in Chapel Tuesday morning, Miss Wilton spoke in deep appreciation of Mr. Palmer's character and good works.

It may be mentioned that Miss Sally Gilbert of Norwich, Conn., a Seminary student and President of the Sophomore class is related to Mr. Palmer and is also a second cousin to Miss Evelyn Hall, Principal of the Seminary for 28 years.

Charles E. Baxter

Reigns Position
Leaves Excellent Record

Of Work Well Done

After a term of fourteen years as Janitor of the High and Center Schools, Charles E. Baxter resigned to take effect February 1. "Daddy" as all the pupils called him, was loved and honored by everyone who came into contact with him. His unvarying sense of justice, logic and fairness has made him a strong force in the schools, where his unceasing energy kept things right in every way. We shall miss him from his accustomed trips back and forth between the schools and in and out of the rooms and corridors. He has now and always will have a large place in our hearts and we wish for him many years of happiness.

The School Committee has succeeded Max Huber, Jr., as his successor. He began his work yesterday.

Two Are Honored By Birthday Dinner

Miss Florence E. Flagg and Mr. Lyon L. Norton whose birthdays fall on Jan. 29, were honored at a dinner Saturday evening at the home of Mr. and Mrs. Norton on Highland Avenue, at which a group of intimate friends celebrated the event in the same way that has prevailed for a goodly number of years. The group, which might well be called a club, originated in Mount Hermon, and the members for the most part have been associated with the Mount Hermon faculty.

Dr. and Mrs. Herman Norton of Newton appeared unexpectedly during the festivities, thus adding immensely to the pleasure of the party.

Miss Margaret Ross, as for many years past, assisted most acceptably in preparing the dinner. The only unpleasant feature was the detention of Mr. and Mrs. Gaylord W. Douglas of Springfield and Miss Sophie Brooks of New York, who were actually on their way in a car but were obliged to turn back on account of icy roads.

Also unable to be present were Dr. and Mrs. Henry F. Cutler, Miss Matilda Goulding, and Mrs. Stephen Stark.

Those who sat down to the long and delightfully spread table, besides Mr. and Mrs. Norton and Miss Flagg, were Mr. and Mrs. Allen Norton, Mr. and Mrs. George Norton, Dr. and Mrs. Herman Norton, Mr. W. T. Nichols, Miss Anna L. Miller, and Mr. Stephen Stark.

The host and hostesses were presented with lovely Briarcliff roses and with copies of a wonderful anthology of English poetry.

HIGH SCHOOL

Report cards with ranks for the half year were given out Tuesday. Commercial Geography and Problems of Democracy classes being only one semester courses have ended. In their place are Occupations and Economics.

Since the beginning of the year, the Cooking II class has been serving lunches twice a week. The lunch usually consists of a hot dish, a salad, and dessert. At Thanksgiving a regular dinner was served. The receipts from these lunches have been over \$80. Under the efficient leadership of Miss Hunt, the girls have used money and the donations for food from members of the classes to cover the cost of both cooking classes. The schedule was changed Monday in order to give Cooking I an opportunity to prepare the lunches.

Arlene Kenney, who formerly lived in Leyden and attended Arms Academy has moved to West Northfield and is now a member of the Freshman class.

EDITORIAL

The interest of our citizens will
center in the Town Meeting next
Monday. As usual some of the
Articles in the Warrant will be
acted upon without much discus-
sion. They are in the accustomed
groove and may be dealt with
quickly. Some will require more
careful consideration and will
create considerable debate. But the
Town Meeting will, as usual, be
conducted in the spirit of tol-
erance and good will. Every one
knows that to hold an office in this
or any other town is no easy task.
The favorite indoor and outdoor
sport of many is to criticize. But
blessed is the man whose skin is
thick and blessed is the town offi-
cial who, equipped with such an
epidermis, takes the task, to which
he is elected, with the supreme
purpose of doing his best regard-
less of fault-finders. The college
student who expressed his opinion
that Solomon's Proverbs were
quite mediocre got this reply from
his teacher, "Suppose you write a
few." A similar answer is fre-
quently a good reply to a critic.
Perhaps if we were a little more
inclined to put ourselves in the
place of those who seemingly fall
short of our ideals we would live
together more happily and inci-
dentally take more pleasure in
ourselves.

Interesting Letter From Japan

Mr. and Mrs. Russell Durgin
Send Greetings
To Northfield

The following letter recently re-
ceived by Mrs. A. P. Pitt from
Mr. and Mrs. Russell Durgin, now
in Japan, will be of interest to
many of their friends. They write:
"After a busy year in America,
we arrived in Tokyo last month.
The hearty welcome we have re-
ceived has been deeply gratifying,
especially because of its signifi-
cance from the standpoint of the
international relations of the
Y. M. C. A. I have never seen a
time during the past fifteen years
when the presence of a small
group of foreign secretaries was
more heartily welcomed, or when
they had greater opportunities for
service in constructive Association
work as well as long lines of in-
ternational relationships. During
our absence, Mr. Saito, who has
been General Secretary of the To-
kyo Y. M. C. A. since the earth-
quake days of 1932, has been
asked to resume his former posi-
tion as National General Secre-
tary, but for the time being is car-
rying both loads. The loss of two
of our other strong secretaries,
both having become affiliated with
the National Committee, means a
considerable reorganization in our
division of responsibility. Finances
are also in a very difficult situa-
tion, but during the remaining
weeks of the year our whole staff
is being mobilized in the deter-
mination to close the year with-
out a deficit. If this can be accom-
plished it will be a great victory.

Reviewing the work of the To-
kyo Association during the past
year, I feel that the work with
boys and the summer camps have
been outstanding. The Yamanaka
camp enrolled more than double
the number of boys and young
men previously attending, and the
new long-term Christian character
education camp at Lake Nojiri for
a comparatively small group of
carefully selected boys was a
great success. Growing out of the
responsibilities of our Physical Di-
rector Yanagita as trainer for the
Japanese Olympic swimming team
last year an interesting Sport's
Massage class has attracted many
young men to the Physical De-
partment. The distribution of
nearly a ton of rice to needy
families is one of the opportuni-
ties we have had this past year of
helping meet the present econom-
ic depression. Educational classes
are as popular as ever, about five
hundred young men being en-
rolled in the night classes which
meet five nights a week. The fu-
ture holds many economic and po-
litical uncertainties, but our staff
is keenly alive to changes which,
as they take place, must have a
direct bearing on the Y. M. C. A.
program. In such a day we all
feel the constant necessity of
maintaining a very close relation-
ship with the Divine source of our
strength and power.

Last week I had the rare privi-
lege of being with Toyohiko Kag-
awa for an over-night retreat, and
I came to a renewed conviction
that the secret of Kagawa's great
success lies in his complete sur-
render to Christ. He is now seek-
ing to put his social work on a
basis which will not require his
personal attention, so that he may
be free to boldly speak out on
certain of his convictions, for he
fully realizes the possible implica-
tions involved for him personally.
He is also carrying forward the
Kingdom of God Movement, in
spite of greatly reduced income
from abroad, by charging a small
admission fee for his evangelistic
meetings. Those two days spent
with Kagawa and the "Kagawa
Fellowship" were spiritually deep-
ly rewarding.

We have not been back long
enough to fully comprehend all
the deep undercurrents of thought
which are of great importance
here today. It is an atmosphere of
crisis. Newspapers are constantly
referring to fears about "the cris-
is of 1936," meaning the possi-
bilities of the future naval dis-
armament conferences. In the
meantime, however, there loom
before the public mind crises of
closer proximity. Constant rumors
are afloat that the present cabi-
net is doomed. Economic and fi-
nancial uncertainties are ever
present, as they are elsewhere.
The attempted assassination this
week of Baron Kakutski, head of
Japan's delegation to the London
Naval Conference has made many
of the business and political lead-
ers of liberal tendencies "shiver
a bit in their boots." There seems
to be a good deal of questioning
about present tendencies, but as
yet comparatively little open op-
position. Japan, as never before,
needs sympathetic and discerning
understanding as much as at stake
while the pendulum of time quiv-
ers at a possible start of the re-
turn swing.

During the next few months I
shall be making a list of people
to whom I hope to send several
times a year a letter giving a
glimpse of the current situation
within the Y. M. C. A., as well
as the general conditions in Jap-
an. If you care to have your
name included, will you not kind-
ly drop me a line?
Just one more personal word
for those who know the family—
Mrs. Durgin has already begun to
set back to her many opportuni-
ties for service with the Japanese
women and girls, in addition to
getting our home settled again.
Lawrence is a Junior in the High
School and is at present on the
school basketball team; Helen is
in the fifth grade and is hard at
work with her violin; Russell is
in the fourth grade, and is work-
ing hard to keep up with his old-
er brother and sister. We regret
that this cannot be a personal let-
ter, but again say, "Merry Christ-
mas and Happy New Year" to
each one of you.

Resolution Honors William R. Moody

The following resolution was
passed by the Board of Trustees
of The Northfield Schools at its
regular meeting January 26.

Whereas William Revell Moody
was called to his reward on Oc-
tober 1933, we, his fellow trustees
of The Northfield Schools, hereby
desire to express our deep sense
of loss and sorrow at his passing.
Mr. Moody was elected a trust-
ee of Mount Harmon School in
1894, and of Northfield Seminary
in 1895. Upon the organization
of The Northfield Schools corpora-
tion in 1912, Mr. Moody became
its president, retaining this office
until 1926, when resigned and
served as chairman of the Board
of Trustees until 1929. From then
until his death he remained a
member of the Board. As an
alumnus of Mount Harmon School
in the class of 1887, and as an as-
sociate, in later years, of his father
D. L. Moody, he was peculiarly
well equipped to assume the large
responsibilities that he accepted
upon his father's death in 1899.
Under his leadership The North-
field Schools, the Summer Con-
ferences, and the Record of Christian
Work held true to the founder's
principles and aims; great expan-
sion was achieved in student en-
rollment, in plant and endowment,
and in annual income from volun-
tary contributions; and the fame
and influence of Northfield were
recognized around the world. We
hereby testify to the high and un-
selfish devotion he gave to his
trust, to his business sagacity, and
to his inspiring character as friend
and fellow trustee.

Resolved that this resolution be
spread upon the minutes, and a
copy thereof sent to his family.

A WINTER DREAM

George Arthur Smith of Yon-
kers, author of the following poem,
is an old Northfield boy, and is
here every summer. He is
Superintendent of Schools in
Yonkers, N. Y.
Falling, gently falling
Comes the snow throughout the
night,
When Morpheus holds the land in
his embrace;
Calling, ever calling
Back to scenes where hearts are
light,
Where Winter sports so grand
take leading place.
Sliding, swiftly sliding
Go the coasters down the hill,
Steering bobsleds that are shod
with glistening steel;
Riding, O what riding!
With an off hair-raising thrill,
Then up the hill they tread 'mid
laughter peal.

Ringling, clearly ringling,
I can hear those sleigh-bells now,
As old Dobbin pulls the load o'er
icy snow;
Singing, gaily singing,
Tones not perfect; I'll allow,
Yet those voices, sounding true,
In sweetness grow.

Biding, ever biding
In a place within my heart,
Firmly rooted, this desire—'t ever
dwells.
Gliding, riding, sliding
In my dreams I oft depart
Back to scenes of childhood days
—to hear those bells.

it's the axles for you."

Mrs. Brown: I've just heard from Mrs. Smith that her daughter has married a man of means.

Mr. Jones: Yes, and she's quite correct from what I hear. If ever there was a man who means to do this, that and the other, and never does a thing, he's the man.

Young Man: "Why do you keep a parrot?"

Very Old Man: "Because I like to hear it talk. The parrot is the only creature gifted with the power of speech that is content to repeat just what it hears without trying to make a long story of it."

"Did you ever," said one preacher to another, "stand near the door after your sermon to hear what people said as they passed out?"

"On one occasion only," was the reply. "What I heard did not tempt me to repeat the performance."

All imitators of Mae West Who stand before me and request, "You really must come up sometime!"

Results Are No Gamble With Electric Cookery

Taking a sporting chance has no place in cookery — particularly when hungry men-folks are waiting for dinner.

Guesswork is left out of cooking when there's an electric range in the kitchen....precision automatic controls for both time and temperature together with heavy insulation insure uniform oven conditions every time you cook....accurate switch control of the surface units regulates the degree of heat supplied to the cooking operation.

Proven certainty of good results — not once, but time and time again—is but one of the many advantages of electric cookery. Each plays its part in relieving you of your kitchen cares.

Cook electrically—the modern, accurate way.

An Economical Car

built for those who want the
power and pick-up of a V-8

At normal touring speed, test runs show that the Ford V-8 for 1934 will give 20 miles to the gallon. It is actually less expensive to operate than most cars with fewer cylinders. Here are some of the reasons.

1. The Ford V-8 is a high-compression motor—the type that uses fuel most efficiently.
2. The Ford V-8 has aluminum cylinder heads—which means that, although it is a high-compression motor, it can use regular medium-priced gasoline.

3. The Ford V-8 has less weight per horse power than any car we know of.

4. The Ford V-8 has dual manifolds and dual carburetors. You utilize every drop of gasoline.

5. The Ford V-8 has automatic engine temperature control. The engine operates at correct temperature for maximum gasoline mileage.

These engineering features, which make for economy, also help to increase Ford performance. That's why we say before you buy any car at any price drive the FORD V-8 for 1934.
